PROFESSIONAL SUMMARY

Computer Science undergraduate(2nd year) with hands-on experience coordinating Agile teams, gathering and documenting business requirements, and testing software for quality and reliability. Skilled in bridging communication between technical teams and stakeholders, managing project timelines, and identifying risks. Seeking a Project Management, Business Analyst, or QA Engineer role.

CORE COMPETENCIES

Agile & Scrum | Requirements Gathering & Documentation | Stakeholder Communication | Manual Testing & Test Case Design | Risk Identification & Mitigation | Project Scheduling & Milestone Tracking | Process Mapping & Workflow Documentation

ACADEMIC EXPERIENCE

Team Lead, Agile Project — Delivery Management System 2025

- Led a cross-functional team through Agile sprints — sprint planning, backlog grooming, daily stand-ups
- Gathered and documented stakeholder requirements as user stories with clear acceptance criteria
- Tracked milestones and risks, ensuring on-time delivery and proactive resolution of blockers
- Tech stack: HTML, CSS, JavaScript, Node.js

Developer & Requirements Analyst — Ticket Management System 2025

- Conducted requirement analysis to define functional modules and validate against business needs
- Designed and executed test cases, logging defects to improve system reliability
- Managed scope changes under tight deadlines using structured project management practices

Client-Facing Developer — E-Commerce Flower Shop (First Client Project) 2026

- Liaised with a small business client to gather requirements and deliver a working e-commerce website
- Tested site functionality across browsers and devices prior to handover

EDUCATION

BSc (Hons) Computer Science, University of Staffordshire(APIIT Sri Lanka) 2024 - Present

Computing Foundation, APIIT Sri Lanka Feb 2024 - Oct 2024

G.C.E. Ordinary Level — 9 A's Pass 2022 (2023)

TECHNICAL SKILLS

- **SDLC & Methodologies:** Agile, Scrum, Waterfall, Requirements Gathering, User Stories
- **QA & Testing:** Manual Testing, Test Case Design, Bug Reporting, Playwright, Postman
- **Programming & Web:** C#, Python, HTML, CSS, JavaScript, Node.js, OOP
- **Databases & Networking:** MySQL, SQL Server, IP Addressing, Subnetting, VLAN, NAT, DHCP
- **Tools:** Git, GitHub
